

DREAMING....

Written by Bill B

'My Dream' is the debut EP from guitarist Tony Garviz who works out of Nuevo Laredo, Mexico – just across that controversial border with Texas.

The music on the mini album is classic electric guitar-led smooth jazz. Stand out is the mid-tempo, relaxing 'Lluvia De Verano (Summer Rain)'. Other cuts like 'City Beat' and 'At Dawn' are polished, catchy and melodic... like we said, classic smooth jazz.

TONY GARVIZ: 'My Dream' is available now via UK label Polyphemus Records
