The ever-lovely MAYSA LEAK is set to release a brand new album. The LP - 'A Woman In Love' - is the diva's fourth release on the resourceful Shanachie label and consists of the singer's takes on classic soul and jazz standards along with four brand new songs, including 'Love Theory' which MAYSA co-wrote with WILL DOWNING. Naturally, DOWNING joined LEAK for the recording and the cut proves a real highlight. Amongst the featured covers are versions of THEOLONIUS MONK'S 'Round Midnight' and MICHAEL JACKSON'S ROD TEMPERTON-penned 'Lady In My Life'. Full review on www.soulandjazzandfunk.com very soon.
