Cambridge-based DJ, MICK O'DONNELL has recently teamed up with California-based label CDS Records to issue a lovely little 17 track compilation. 'Soul Discovery' (named for MICK'S radio shows) features 17 modern soul cuts from artists like THE COBRA HEART BAND, ANDRE MARCUS, JASON LITTLE and the wonderfully named T. J. HOOKER-TAYLOR. Soul veterans will also be delighted to know that the album features a cut from the fabulous CONTROLLERS. 'Still In My Heart' is a superb, old school harmony ballad and is right up there with the group's very best. CDS Records also currently have albums out on FLOYD TAYLOR, CHUCK ROBERSON and WILL EASLEY. For more info go to www.CDSRECORDS.com
