ORANGE BURN are a hard gigging New York based soul and funk outfit led by Adam Marr. Right now they're mighty busy promoting their new single 'Testify' – a fierce amalgam of rock and funk fronted by a feisty female vocalist.... Shilan Douglas. The rest of the band are; Rich Formidoni – keyboards, Isaac Friedman – guitar, David McKoy – drums, Theo Moore – percussion, Dayna Richardson – vocals and bassist and leader Adam Marr.

The catchy and insistent 'Testify' track is taken from the band's current mini album – a five track eponymous EP that features more of the same rocky, bluesy, ballsy, funk flavours. Hear that sound at its toughest on the crazy instrumental that is 'Cool Stuff Here'.
