Over the last few years soul connoisseurs everywhere have got to know and love the remarkable MARC STAGGERS. The man who made a name for himself as the premier Luther Vandross sound-alike, has now built a substantial career in his own right with albums like 'Then And Now' and 'Cruising' – both of which topped all the credible soul charts.

Last October we were told that Marc was readying a new long player ("Let's Go Out Tonight") and we were teased with a lovely little single... 'I'll Do Anything For You'. Sadly, no definite news on the new album yet (there are hints that it's almost with us) but Marc and his team have just released the set's second single.... a steady mid-tempo modern soul groove 'Crazy About Your Love' and with Valentine's Day beckoning this could win itself plenty of downloads for that big day. The cut has been arranged, produced and remixed by Nigel Lewis and his track record alongside Marc's remarkably warm vocal is a guarantee of soul quality.
