MOONWISE are a French four piece – William Josh Beck, Samuel Husband, Maxime Aubouin and Guillaume Linay. They came together last year in Rennes (Brittany) and soon built up a reputation as a tough, feisty band via their regional gigs.

Moonwise have just released their first single – an uncompromising 'Antigravity' on the A side and an equally tough 'Still Dreaming' on the flip. Rocky and rough, the sounds aren't classic soul but it offers an honest approach and a diligent web search will lead you to it! Out now on Turn, Turn, Turn Records.
