Latest offering from UK band DAYTONER, the outlet for Dj/producer/general muso about Cornwall... Moss Daytoner, is a 5 track EP – the fourth in their 'Shedits' series. The mini album features breaks versions of both classic Cuban and Brazilian tracks in a variety of styles from the frenetic percussion of 'Ye Mele' through to the down tempo brass of 'Bebo's Beat'. There's also a 2019 re-master of a popular edit of Joe Cuba's classic, 'Bang Bang', plus some Salsa and a lovely 'Comanche!'

'Shedits 4' is out now; the three previous sets are also available.
