It was June when New York music entrepreneur BEY BRIGHT and his Bright Vision Entertainment team released their last single 'Beautiful Thing'. The tune was an old school romp that featured vocals from Washington DC's indie soul vocalist Donae ((pronounced Dah-Nay).

Proving that you can't keep a good tune down. Bey now offers the track in a "Soulful house" mix – which just about sums it up.... infectious, insisitnent beats and a heavy, thumping bassline and, of course, Donae's lovely vocal.... out now!
