US singer Jane Hancock has been in the business since she was three! Yes, she started in the church as a child singer, then went on to attend the famed Oakland School for the Arts. After graduating, Ms H relocated to Atlanta where she worked with (amongst others) Adrian Marcel, Kelly Rowland, Keke Palmer, Rick Ross, Tank, Dr. Dre, Ma\$e and Warren G.

Right now, she's forging her own career and has just released the single, '90'S Love'. It's a sweet little thing – proper old school and one of those tunes that you can't really say why it attracts you... it just does. Little wonder it's winning plenty of soul station plays and it's out now.
